

Black Hills Electric Cooperative, Inc. Rate Schedule
General Service Single Phase
713, 123, 223, 423, 723

AVAILABLE

At locations on the Cooperative's existing distribution facilities within Fall River, Custer, Pennington, Lawrence, Meade, and Oglala Lakota Counties of South Dakota where advanced metering is not available.

APPLICABLE

To all heat metered single phase services without demand controllers and with a peak time demand under 35 KW nine months of the year for all uses for which no specific schedule is otherwise provided.

SERVICE PROVIDED

Alternating current, 60 hertz, 120/240 nominal voltage, at locations on the Cooperative's established distribution system at the customer's location.

NET MONTHLY RATE

| | |
|-----------------|---------------|
| Customer Charge | \$45.00 |
| All kWh | 13.1¢ per kWh |

MINIMUM CHARGE

The minimum monthly charge shall be the Customer Charge plus the Transformer Capacity Charge.

DETERMINATION OF TRANSFORMER CAPACITY

The transformer capacity shall be the total capacity of the transformers in kilovolt-amperes (kVA) installed at the location to serve the customer's load. The installed capacity shall be determined solely by the Cooperative and may be based upon load projections supplied by the customer, historical load data obtained by the Cooperative, or estimates based on similar facilities. Transformers shall be sized at the next standard size above projected loads. In no case shall the transformer capacity expressed in kilovolt-amperes (kVA) be less than the maximum metered capacity expressed in kilowatts (kW).

If more than one customer utilizes a transformer or transformer bank, the total transformer capacity shall be apportioned to each customer proportional to the peak capacity (kW) utilized by each.

TRANSFORMER CAPACITY CHARGE

Where 25 kVA or more of transformer capacity is required, the minimum monthly charge shall be increased one dollar (\$1.00) for each KVA or fraction thereof in excess of 25 kVA. Where the minimum charge is increased

in terms of this section, additional energy and demand shall be included in accordance with the rate schedule applied.

TERMS OF PAYMENT

The monthly bill is due and payable per Board Policy No. 402 — Payment of Electric Bills, as amended from time to time by the Board of Directors of Black Hills Electric Cooperative, Inc.

OTHER CONDITIONS

This schedule is based on continuous service of twelve months per year. If service is discontinued and then resumed within twelve months after service was discontinued, the customer shall pay all charges that would have been billed if service had not been discontinued.

The delivery point shall be the metering point or the point of attachment of the customer's facilities to the Cooperative's facilities.

TAX ADJUSTMENT

Bills computed under the above rates include taxes levied under SDCL 10-36. The bills will be increased by the applicable proportionate part of any other assessment or charge imposed or levied by any governmental authority as a result of laws or ordinances enacted, which is assessed or levied on the basis of revenue for electric energy or service sold, and/or the volume of energy generated and sold.

Effective Date: May 1, 2026 -Billed in June
Date Adopted: March 17, 2026
